

D&T: Textiles

Rotation 1 September - October

Rotation 2 October – December

Rotation 3 January – April

Rotation 4 April – July

Year 9

Learn about symbols and lay plans that can be found on commercial patterns in order to make effective and efficient use of fabric.

Develop your drawing and design skills, as well as using modelling techniques to test out ideas before beginning the making process.

Neaten edges by using a double turn hem and by attaching ribbing and you will develop skills in sewing accurately with knitted fabrics to construct a hard-wearing fit for purpose hoodie.
